

Homework Revision Timetable.

Below is a plan of how you could manage your revision over the next few weeks. At this crucial time in the lead up to SATs, it is important that you plan in daily sessions which revisit the work covered in class this year. We recommend that you do something every day: whether it's read a book, practise times tables or speak about your learning at home. For your Key Skills, we are giving you a specific grid to follow over the next few weeks which is on the back of this sheet.

Once completed, use the column next to each topic to evaluate how you got on.

If you find some of the work tricky, please do not hesitate to bring it to your teacher and have a learning conversation – we are here to help!

Don't forget the OneNote revision document which is a fantastic resource. Mrs Chisholm regularly updates it after lessons with key messages, handy tips and games which will help you consolidate key areas of the core subjects. Please feel free to access the blog or email us with any questions you may have over this important revision period.

Complete the work in your Key Skills book each week and share with your teacher.

Important - Please note for the 100+ books, the page numbers given may differ slightly but the Topics are broadly the same.

Good Luck and remember it is important to have a balanced day! Work hard and play hard too!

The Year Six Team

Week Commencing	Numeracy Focus		SPAG Focus		Reading Focus	
6 th Feb	Formal written methods for addition/ subtraction (pages 11/12)		Punctuation – Commas and their uses (page 31)		Read for stamina – can you increase the speed you are reading?
